# DIEBOLD OPTEVA® 378

## LOBBY CASH RECYCLER

Looking for the right recycling technology for your customers?

**Deliver a complete approach to self-service cash recycling** — For ultimate convenience, streamlined operations and rewarding consumer experience, Opteva 378 supports your key business objectives.

**Uptime all the time** — With Opteva ® 378, your consumer's trouble-free experience comes from the proven reliability and consistent user-interface of the entire Opteva family.

**Positively rewarding experiences** — The new Opteva ® 378 provides your customers with total confidence in their transactions. A familiar and intuitive user interface and lead through indicators make complex transactions a smooth and simple process.

**Efficiencies rule** — Start with larger capacity cassettes to reduce courier costs and enhance uptime, then leverage the ability to now perform such tasks as note fitness checking and validation, cash sorting, denominating and balancing.

**Security from the inside out** — The entire Opteva family is secure from its very core. Physical and digital security along with fraud resistance and consumer safety, Diebold builds security from the inside out to reduce your exposure and enhance overall safety.
